Impact: The Sport Premium Funding has impacted our school in the following ways:

The delivery of high quality physical education is paramount. With the support of the School Sport Partnership and their highly trained coaching team the children receive high quality instruction in a broad range of sports. The teachers in school support and take part in lessons and benefit greatly from this in school training. After the lessons, staff are given lesson plans and pointers that they can use next year which means we are making the delivery of high quality PE sustainable.

Attending local Sporting events is vital to promote healthy competition with the children. They take part in intra-school activities and those who are gifted and talented or more able in certain sports then enter the inter-school events. We now have uniforms for Rugby, Netball and tracksuits for up to thirty children with the school logo embroidered on. Children have wanted to be part of teams when they have seen the uniform provided. We are also an inclusive school so ensuring all children have access to the correct equipment is also very important.

The additional swimming booster session for the Year 6 class has achieved fantastic results. At the start of the Autumn term only two children out of the class of sixteen could swim the National Standard of 25 meters. At the end of the additional sessions (end of Autumn) twelve children out of the sixteen could swim the 25 meters.

The children need good quality equipment to take part in the lessons fully. The gymnasium now has all sporting equipment to meet the long term plan which covers a broad and balanced range of activities.
